

Material name, short description	PUR D44
Material name, based on technical standards	Polyurethanes D44
Density	
Color	
Compound code	PUR D44 90.023-00

Mechanical properties

Yield strength at 200% strain offset	3 N/mm ² ISO 37
Yield strength at 300% strain offset	14 N/mm ² ISO 37
Tensile tear strength	30 N/mm ² ISO 37
Tear propagation resistance	60 N/mm ISO 34 Graves
Elongation at rupture	500 % ISO 37
Hardness test value	90 Shore A ISO 868
Abrasion	44 mm ³ ISO 4649

In compliance with **RoHS** and **REACH** directives.

This information is based on our available data. These values are measured on standard test specimens and are within the normal tolerance range of material properties and do not represent guaranteed property values. Therefore they shall not be used for specification purposes. The customer is solely responsible for quality and suitability of material for his application. He has to test usage and processing prior to use. Angst+Pfister makes no guarantees for the suitability of the material for any given application and assumes no obligation or liability in connection with the information provided above.
